ALEXANDER CROWE,

PHOTOGRAPHIC ARTIST,

IN returning thanks to his friends and the public in general for their liberal patronage during the last twelve years, begs respectfully to intimate, that with the view of meeting the requirements of his increasing business, he has secured one of the best instruments for producing LIFE-SIZE PORTRAITS, and trusts, by artistic excellence in his productions, strict personal attention, and moderate charges, to merit a continuance of their support.

The very prevalent and unwise desire for cheapness, and the ease with which a little may be done in Photography, has placed stained, distorted, and leaden-looking photographs at every street corner; but, to be successful, photography requires expensive apparatus, a skilfully constructed studio, pure and therefore not cheap chemicals, as well as a lengthened and practical acquaintance with the most minute principles of this rapidly progressing art.

Having adopted the latest and most approved appliances in the production of Photographs of *every size* and *description*, A. C. can confidently guarantee that all orders entrusted to him shall be executed in the highest and most artistic style.

ALWAYS ON HAND, A CHOICE SELECTION OF ALBUMS.

CARTES DE VISITE AND OTHER FRAMES.

STEREOSCOPIC & OTHER VIEWS

Of Stirling Castle, Trossachs, Falls of Devon, Rumbling Bridge, Bracklyn Falls, and Pass of Leny, Callander, and many others.

CARTES DE VISITE DONE IN THE BEST STYLES.

Pictures and Drawings of every description carefully Copied and Enlarged, or Reduced to any Size.

GROUPS taken at their own Residences, by an instantaneous process.

GENTLEMEN'S HOUSES, &c.

"We have always watched with pleasure the progress of this art, and have repeatedly had occasion to express ourselves much gratified with the accomplishments of Mr. Crowe, in producing most effective and striking likenesses. Yesterday we had occasion to call in his studio, and were much pleased with the execution of a life-size portrait of a gentleman of our acquaintance, taken from an ordinary *carte de visite* negative. Photography seems to be making great strides, and Mr. Crowe is not behind the profession in anything we have seen."—*Stirling Observer*.
